

K2SE+ OPTION

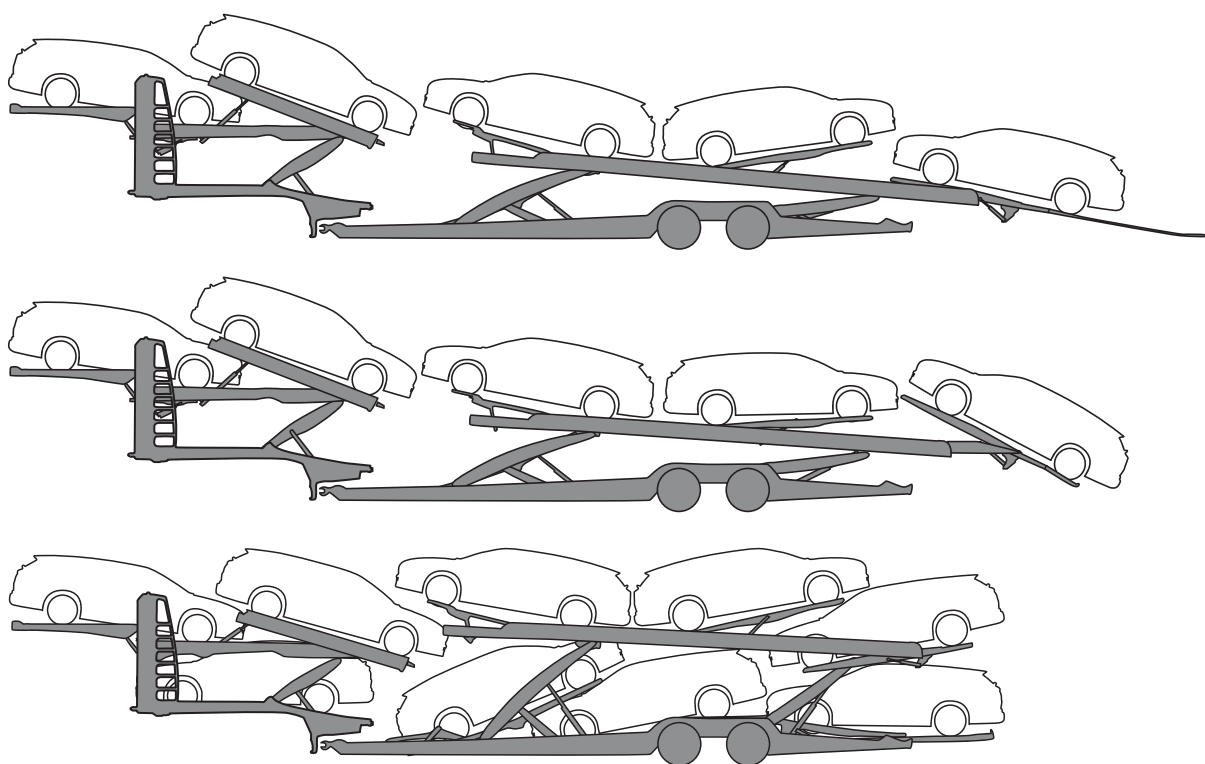

The K2SE + Option is available for the EUROLOHR 2.53 WXS New as well as the EUROLOHR 3.53 WXS New

EASE +++

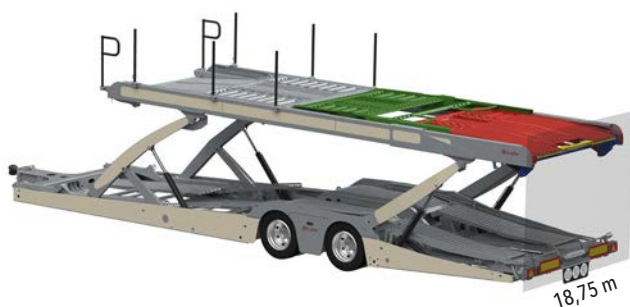

COMFORT +++

SECURITY +++

- Increased passage and niches widths (K26 +114mm / K25 +46mm)
- Possibility to load vehicles « flat » on stackers K25 and K26
- K25 and K26 are independent in translation, possibility of reversing stacking (positive / negative) without unloading

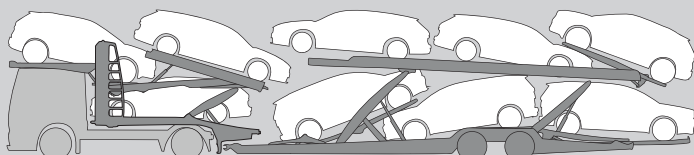

- Possibility to translate K26 backwards for better loading comfort
- Possibility to load the last vehicle without a loading ramp
- When the accessories are stored, the raceway is completely flat
- The platform angle allows low cars to be easily loaded
- More nesting possibilities
- K27 hydraulically extendable beyond 18,75m (adjustable stroke up to 2810mm)
- K27 fully retractable below the K26 when not in use
